

British Impacts on Colonizing North America

Name: _____

What events had the **biggest impact** on shaping early North America?

Place the following events on the bulls-eye diagram based on the importance each event had on early North America. The inner circle represents events that had a large impact and the outer circle represents events that had lesser significance in shaping North America.

1. Establishing the 13 colonies
2. British perspective on Religion in North America
3. Economic factors for British colonists
4. Cod fishing off the coast of Newfoundland
5. The Treaty of Utrecht
6. The creation of Halifax
7. The formation of the Hudson Bay Company
8. British explorers venturing west into North America

Choose 3 events from the rings, explain the event and discuss by supporting with evidence why you chose to place it where you did.

(Please write the event that you will be discussing beside the number)

1.

2.

3.

1. Compare and contrast the following differences of motivations and perspectives between New France and the Thirteen Colonies:

	New France	Thirteen Colonies
Population Growth		
Religion		
Government		
Economy
